

# Manufacturer's Declaration

This is to certify that the following object of declaration have been type-tested in accordance with the standard ČSN EN 62208 (*Empty enclosures for low-voltage switchgear and controlgear assemblies - General requirements*).

In our capacity as the enclosure manufacturer, we must stress that in order to comply with the Standard, the ASSEMBLY manufacturer must observe the following:

The system must be set up in accordance with the construction instructions provided by ABB STRIEBEL & JOHN GmbH, the enclosure manufacturer.

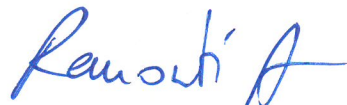

Object of declaration:

**System pro E comfort UK600 Consumer Unit.**
